Experience

IET

Frontend Developer Intern

Cosenza, Italy
05/2022 – 09/2022

- Developed an internal web application for a large Italian company for internal purposes, using Angular and TailwindCSS. Worked with form creation and generation of internal company surveys and helped develop and maintain an internal Angular UI library.
- Worked with agile methodology in a team of software developers in 3-week sprints.
- Maintenance for other internal applications of the same large Italian company.
- Learned Angular, Typescript, and Tailwind CSS during the stage period.
